

# EngageIQ:

## A Game Changer for Customer Service

Domino's franchise owners know customer connections boost loyalty and sales. EngageIQ™, an AI-powered product, helps by automating staff engagement for training and quality assurance purposes. Acting like a virtual QA manager, it analyzes each call based on your franchise's set of rules. Streamline your training, ensure consistent customer service, and help instill a culture of excellence amongst your staff.

**Rapidly Train Staff While Delivering a Great Customer Experience**

**Elevate Your Quality Assurance Program**

**Increase Average Ticket Price Through Gamification**

### EngageIQ: A Game Changer for Customer Service

- AI-Powered Technology
- Customizable Rules tailored to your franchise
- Call Categorization
- Store-by-Store Metrics

For more than a decade, Unified Office has delivered reliable communications, analytics and other innovative solutions to Domino's franchisees.

Contact us today for a demonstration of EngageIQ and see how Unified Office makes Voice and AI go to work for you!
